

As per the Sept 3rd, 2021 the only COVID Restrictions from AHS that effect our curling club are the following:

1. Masks are required in all off ice areas unless a person is seated in the lounge or main level viewing area consuming food or drink.
2. Masks are not mandatory while participating in physical activity.
3. Liquor service must end at 10pm although the lounge can remain open later after sales end at 10 pm.

NHCC is back to 8 end games under normal sweeping rules. The locker rooms are open. The tables have been returned to the main level viewing area.

Thank you very much,

NHCC Management
